**Subject:** RE: Latest\_Class VI UIC\_Information Request\_

Hi Calvin,

I hope you had a nice weekend.

Per our discussion last week, we have received the latest Information Request from EPA regarding our Class VI UIC pre-construction permit application. The technical team has reviewed the document and are working toward responses to be submitted by the requested 5-March date.

After review, the team has a few questions they would like to discuss with you and the technical reviewers. Identified topics include:

- Updated risk assessment guidance
- California's Central Valley subsidence
- Other (@Vivian Rohrback, please let me know if I have missed anything)

Also, I wish to confirm with you the next steps. We currently envision responding directly to this information request first, then working to update the necessary components of the application, e.g. Narrative, Attachments C, D, etc., by a later date yet to be determined, but are open to suggestions/discussion on the matter.

Are you and the team available to meet this week to discuss the topics outlined above? We have availability Wednesday (tomorrow) and Thursday (18-Feb) in the afternoon. Also, can be flexible on Friday (19-Feb).

Thanks again, Calvin.

Talk soon,  
-Rebecca
